

EB-60UNV

Battery Powered Brushless Multi-functional Tool

For operations requiring varied application, the ZUPPER offers a multi-functional tool, crimping, cutting and punching in one single tool. The tool comes standard with 18V, 4.0Ah batteries and one charger, motor drives, Micro-computer control system, OLED display and two stage hydraulic system with fast feed and power control.

1. Crimping, Cutting, Punching, All in one tool
2. The tool can cut copper/Aluminum cable and armoured cable
3. 3.350° rotary head with flip head, wide application in different place.
4. Two stage hydraulic system, brushless motor, high performance
5. OLED display shows crimping time, electricity quantity, maintenance reminding and fault code
