

ED-50RIV Battery Powered Riveting Tool

- The rivet force can be stepless adjustable according to the size of rivet and the strength of therivet material
- Sudden suspend function can be controlled at any time, even can retract manually.
- According to ergonomic design with antislip handle.
- Micro computer control system with the feature of self- pressure inspecting, double protection during operation, counting and realize the exchange between computer with data by the converter.
- High performance Li-ion battery to provide stronger power source, no discharge memory effects, one time charge 300 times can be effective for crimping.

Technical data	
Output:	20~50kN
Stroke:	35mm
Throat depth:	35mm
Time/ charger:	200times
Time/ cycle:	3~8s
Voltage/capacity:	18V / 4.0Ah
N.weight (with battery):	4.85kgs
Voltage of charger:	100~240V AC
Charging time:	80 mins
Accessories:	
Battery:	2 pcs
Charger:	1pc
Sealing ring of cylinder:	1set
Sealing ring of safety valve:	1set

ED-50RIV Battery Powered Riveting Tool
